1. The income tax department head assigned us a work that was to fillupping the property description forms with the help of the survey books. Through this we increased our passion towards free cost of work.

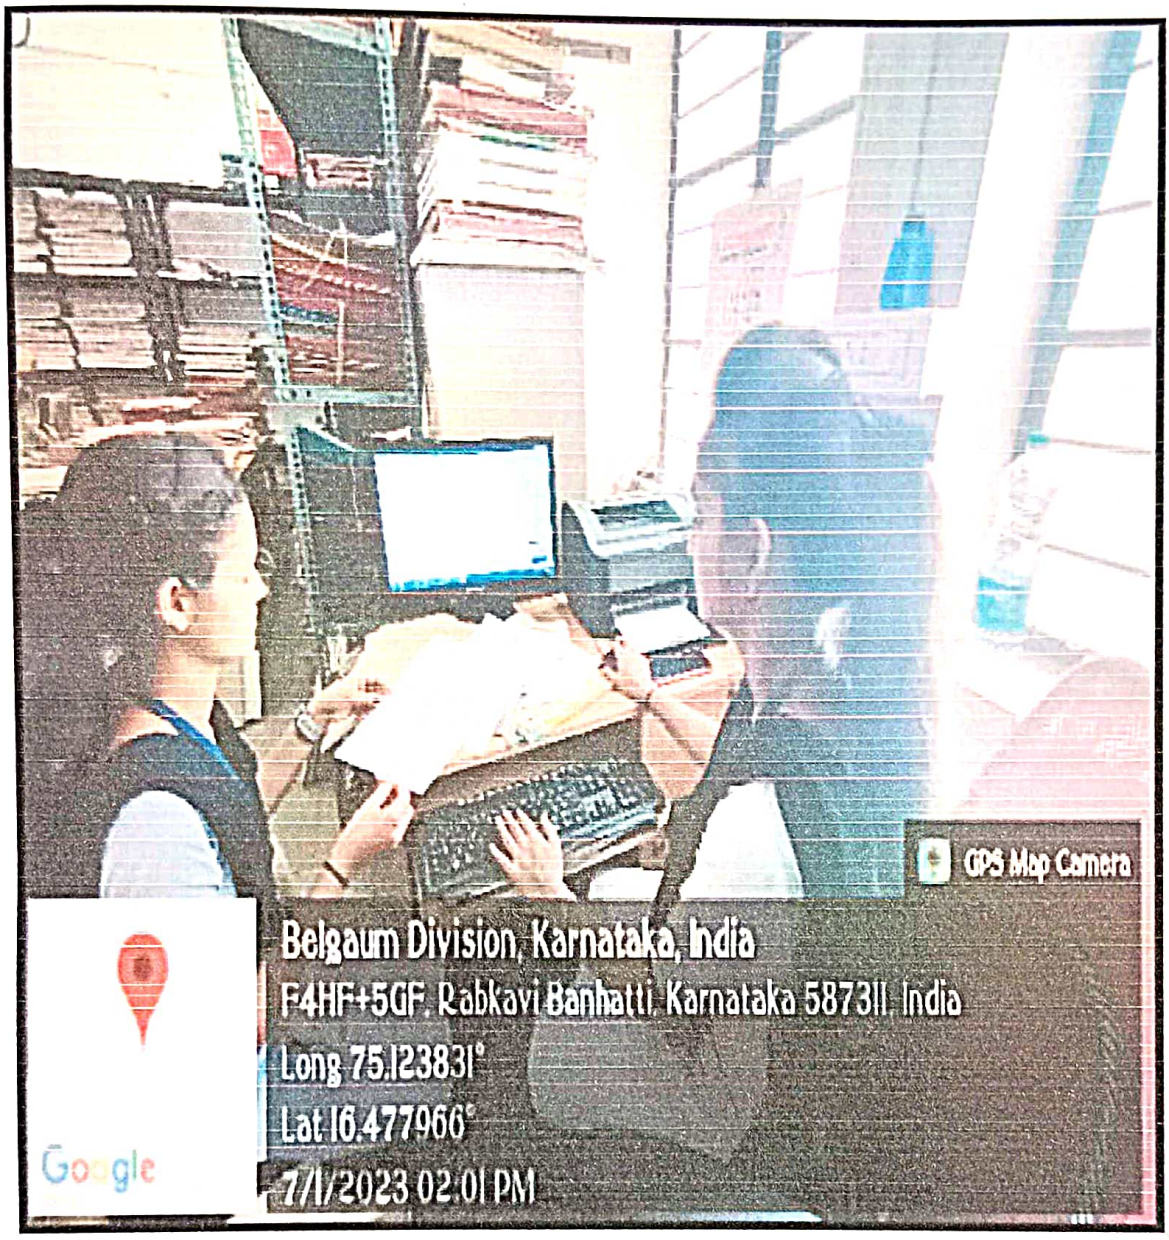

2. Next day We continued the same work only. In that form basic details of property were there (ex: property size, square footage, location) pictures of the property etc. Informations should be included.

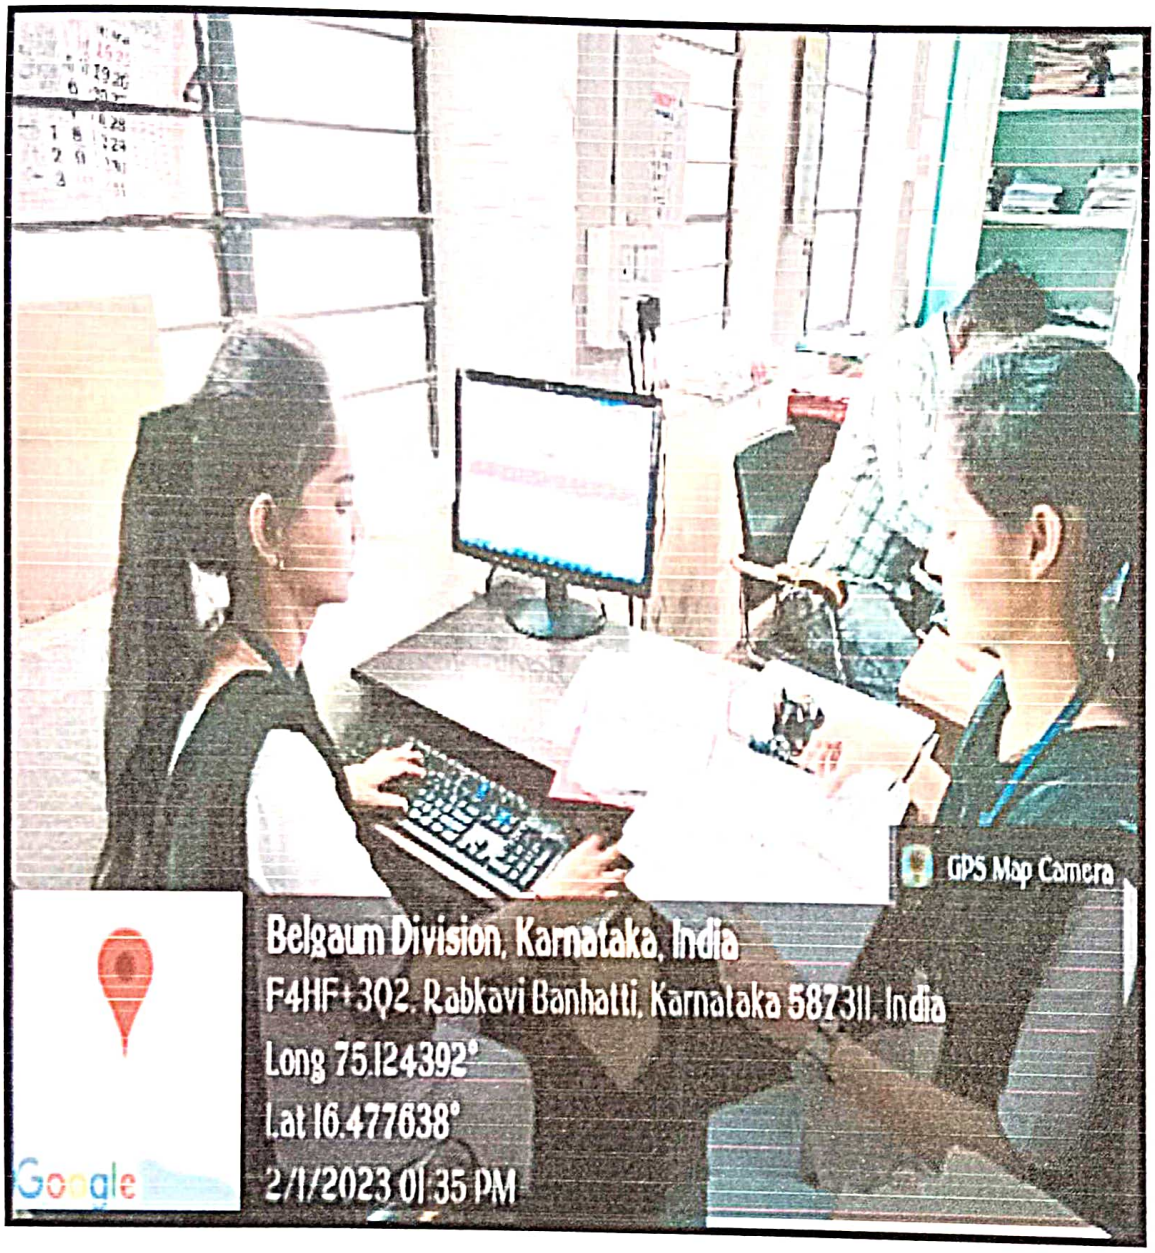

3. We wrote Name of the owner and the address,page and book numbers on the new file and set them in sequence form. Through this work we obtained the strong work ethic.

4. We set up the files with the fillupped forms in a systematic way. Through this work we learnt time management and we attained the positive attitude.

5. We uploaded all the information of property description in the computers, means we made all the paper information in digitalised form. Through this work we got a little bit of computer knowledge.
